CEO comments

Multiconsult delivered a very strong quarter, continuing the positive development with high activity and good operational performance and efficiency. An all-time high billing ratio of 73.8 per cent registered in the quarter is a testament to a high activity level in the organisation. We continue to deliver strong results and can record a record high first half of 2024. I would like to express my gratitude to all our employees for contributing to the strong results.

The second quarter EBITA came in at NOK 185.7 million, reflecting an EBITA margin of 13.0 per cent. Net operating revenues increased by 23.5 per cent to NOK 1 424.9 million. Adjusted for the calendar effect, the organic revenues growth was 11.4 per cent.

Multiconsult's strong performance over time demonstrates that we are succeeding in our strategic priorities to position ourselves to win the right projects and that we have an organisation with highly skilled employees who are capable of delivering services that meet our customers' expectations.

The improvement in results for our architecture segment in a challenging market shows that the measures we have implemented are taking effect alongside somewhat improved market activity. This shows that our employees are vigilant and actively seeking out the opportunities in the market. The architecture market has been challenging for some time, and although there are some signs of improvement, the market situation in the short term will remain demanding.

The overall market development has been stable, with continued uncertainty during the quarter. The solid order intake of NOK 1 531 million resulted in a flat development in our order backlog year-over-year. It is a great achievement by the organisation that we maintain a strong order backlog giving us a solid foundation at the end of the second quarter. We see a continued high level of activity and increased opportunities to provide solutions that support our clients in their green transition. We are experiencing increased demand for our services in biodiversity and projects that can help mitigate the consequences of the climate changes.

Diversity and inclusion have been a focus area throughout the quarter. At Multiconsult, everyone should be able to be themselves while also being part of the community. Throughout June, employees have shared what diversity and inclusion mean to them and to Multiconsult. I am proud that we have established a culture where employees feel safe to share thoughts and challenges that define them as individuals. The stories have been both inspiring and cause for reflection.

To remain relevant and competitive, we must stay at the forefront of both professional and technological development.

"Multiconsult's strong performance over time demonstrates that we are succeeding in our strategic priorities to position ourselves to win the right projects and that we have an organisation with highly skilled employees who are capable of delivering services that meet our customers' expectations."

Grethe Bergly, CEO

Therefore, we invest heavily in this area. In the quarter, we have started a 12-month mentorship/candidate program to enhance our capability in managing the largest and most complex transportation projects. The ability to develop leaders is crucial for successful execution of projects and further success for developing the company. Digital and technological development mainly takes place in our projects, and we have ongoing development projects continuously. In the period, we have completed the development of an automated and web-based solution for BREEAM certification and a tool that provides continuous greenhouse gas calculations during projects. We are also actively exploring AI in project execution and have ongoing pilots for this.

Second quarter 2024

Multiconsult delivered a very strong quarter, continuing the positive development with high activity and strong operational efficiency. The EBITA came in at NOK 185.7 million (55.6), equal to an EBITA margin of 13.0 per cent. The performance was influenced by high activity, with a billing ratio of 73.8 per cent, 1.7 percentage points higher than the comparable quarter last year. Net operating revenues grew by 23.5 per cent to NOK 1 424.9 million, the organic revenue growth was 11.4 per cent adjusted for the calendar effect. There was an impact of five more working days compared to the same period last year, with an estimated positive effect of NOK 92.6 million on net operating revenues and EBITA. The order intake was solid at NOK 1 531 million resulting in an order backlog of NOK 4 943 million.

Financial review

Multiconsult group ("Multiconsult" or "the group") comprises Multiconsult ASA ("parent company" or "company") and all subsidiaries and associated companies. Comparable text, and figures in brackets reflect the same period prior year or relevant balance sheet date in 2023.

Group results

Second quarter 2024 Multiconsult group

Net operating revenues amounted to NOK 1 424.9 million (1 153.8), an increase of 23.5 per cent compared to the same quarter last year. The organic revenue growth amounted to 11.4 per cent, adjusted for calendar effect and acquisition. The increase in net operating revenues was driven by higher billing ratio, increased capacity, and higher billing rates. The billing ratio exceeded last year's comparable quarter by 1.7 percentage points, reaching 73.8 per cent (72.1). Higher capacity, reflected by an increase in full-time equivalents (FTE) of 5.1 per cent and higher billing rates, contributed positively to the growth in net operating revenues.

Operating expenses consist of employee benefit expenses and other operating expenses. Operating expenses increased by 12.9 per cent to NOK 1 178.9 million (1 044.5) compared to the same quarter in 2023. Employee benefit expenses increased by 14.2 per cent in line with ordinary salary adjustment, increased manning level from acquisitions, and increase in net recruitment. Other operating expenses increased by 5.2 per cent to NOK 158.0 million (150.3), primarily due to higher IT-cost and cost increase in general.

EBITDA was NOK 245.9 million (109.3), an increase of 124.9 per cent compared to the same period last year, reflecting an EBITDA margin of 17.3 per cent (9.5) in the quarter.

EBITA was NOK 185.7 million (55.6), an increase of 234.1 per cent year-over-year, reflecting an EBITA margin of 13.0 per cent (4.8) in the quarter.

Net financial items were an income of NOK 1.4 million (expense of NOK 11.3 million). The increase is related to recognition of an income of NOK 25.4 million due to subsequent measurement of gross put option obligation associated with the acquisition of A-lab. This increase was

offset by higher interest-bearing liabilities, higher interest rates, and higher net currency losses compared to second quarter 2023.

Group tax rate was 20.4 per cent (23.1).

Reported profit for the period was NOK 147.9 million (36.0). Earnings per share for the quarter were NOK 5.36 (1.30). The increase y-o-y is partly affected by an income of NOK 25.4 million due to subsequent measurement of gross put option obligation associated with the acquisition of A-lab.

Calendar effect. In the second quarter of 2024 there were five more working days compared to the second quarter 2023. This had an estimated positive impact of NOK 92.6 million on net operating revenues and operating results. In connection with number of working days in comparable periods Multiconsult uses alternative performance measures to provide a better understanding of the group's underlying financial performance, see last section of this report.

First half 2024 Multiconsult group

Net operating revenues increased by 13.3 per cent to NOK 2 791.8 million (2 464.0). The organic revenue growth amounted to 10.7 per cent, adjusted for calendar effect and acquisition. The increase in net operating revenues was driven by higher billing ratio, increased capacity reflected by an increase in full-time equivalents (FTE) of 7.6 per cent and higher billing rates. Billing ratio increased to 73.6 per cent (71.5) an increase by 2.1 percentage points and contributed positively to growth in net operating revenues.

Operating expenses consist of employee benefit expenses and other operating expenses. Reported operating expenses increased by 12.8 per cent to NOK 2 349.8 million (2 083.5) compared to the first half year of 2023. Employee benefit expenses increased by 13.7 per cent and came in at NOK 2 038.8 million (1 793.0), an increase driven by net recruitment, regular salary adjustment and employee benefit expenses arising from acquisitions. Other operating expenses increased by 7.0 per cent to NOK 311.0 million (290.5), partly an effect of operating expenses included from prior acquisitions and from cost increase in general.

EBITDA was NOK 442.0 million (380.5), an increase of 16.2 per cent compared to the same period last year, reflecting an EBITDA margin of 15.8 per cent (15.4).

EBITA was NOK 322.4 million (271.9), an increase of 18.6 per cent y-o-y, reflecting an EBITA margin of 11.5 per cent (11.0).

Net financial items were an expense of NOK 16.9 million (23.7). The decrease is affected by other financial income recognition in the second quarter of 2024 associated with the acquisition of A-lab. The decrease is offset by higher interest-bearing liabilities, higher interest rates and higher net currency losses compared to first half 2023.

Group tax rate was 20.8 per cent (22.4).

Reported profit for the period was NOK 243.4 million (194.1). The increase y-o-y is partly affected by an income of NOK 25.4 million due to subsequent measurement of gross put option obligation associated with the acquisition of A-lab.

Calendar effect. In the first half of 2024 there was one less working day compared to the same period in 2023. This had an estimated negative impact of NOK 21.1 million on net operating revenues and operating results. In connection with number of working days in comparable periods Multiconsult uses alternative performance measures to provide a better understanding of the group's underlying financial performance, see last section of this report.

Financial position, cash flow and liquidity**Second quarter 2024 Multiconsult group**

Total assets amounted to NOK 3 919.8 million (3 972.6, Mar 2024), and total equity amounted to NOK 1 096.3 million (1 182.7, Mar 2024). The group held cash and cash equivalents of NOK 93.5 million (71.4, Mar 2024), with no drawdown on cash pool (no drawdown on cash pool, Mar 2024).

Net interest-bearing liabilities amounted to NOK 1 166.9 million (1 124.6, Mar 2024). Adjusted for IFRS 16 lease obligations, net interest-bearing debt was NOK 375.5 million (297.9, Mar 2024).

Net cash flow from operating activities was positive NOK 261.6 million (85.3). Net cash flow from operating activities was affected by change in working capital. The change in working capital in the quarter was within normal fluctuations.

Net cash flow used in investment activities was NOK 48.8 million (132.8). Ordinary asset replacement amounted to NOK 19.8 million (38.6). Net cash paid for acquisitions was NOK 29.7 million (68.7).

Net cash flow from financing activities amounted to negative NOK 189.7 million (negative NOK 55.8) which was affected by paid dividend, drawdown on the revolving credit facility and instalments on lease liabilities.

First half 2024 Multiconsult group

Net cash flow from operating activities was positive NOK 233.3 million (59.4) in the period. Net cash flow from operating activities was affected by change in working capital.

Net cash flow used in investment activities was NOK 118.7 million (144.1). Ordinary asset replacement amounted to NOK 56.0 million (48.6). Net cash paid for acquisitions was NOK 62.2 million (68.7).

Net cash flow from financing activities amounted to negative NOK 300.6 million (negative NOK 133.1 million) which was affected by paid dividend, drawdown on the revolving credit facility and instalments on lease liabilities.

People and organisation

Employee engagement, personal and professional development, a learning organisation and strong recruitment capabilities are important factors for Multiconsult's long-term success. The number of full-time equivalents (FTE) in the quarter amounted to 3 531 (3 360), an increase of 5.1 per cent compared to same quarter last year. At the end of the second quarter the total number of employees was 3 785 (3 585), an increase of 200 employees year-over-year, a 5.6 per cent growth.

Diversity and inclusion have been the focus area throughout Multiconsult in the second quarter. Multiconsult aims to be an inclusive employer and holds the position that no grounds for discrimination, be it gender, age, ethnicity, sexual orientation, religious belief, or disability, should limit our employees' opportunities to develop themselves and their skills. Throughout June, employees have shared what diversity and inclusion mean to them and to Multiconsult. The stories shared have been inspiring and received significant attention and engagement both internally and externally.

Sick leave is decreasing, but it remains higher than in comparable quarters before the Covid-19 period. At Multiconsult Norge, a pilot project has been initiated with an external partner to actively work on reducing short-term sick leave.

Summer internships are Multiconsult's most important activity related to the recruitment of new graduates. During this summer, 116 engaged students in Multiconsult Norge have planned hospital buildings, developed international hydropower solutions, investigated urban development and participated in other projects.

Multiconsult Polska supports young engineers in building their career paths through the program 'Builder of the Young Engineers'.

Multiconsult Polska employees have met during the annual Company integration meeting to exchange experiences and support local non-governmental organisation by assembling furniture for local institutions for children in need.

Markets, order intake and backlog

Multiconsult group reports on markets, order intake and backlog through the following four business areas:

- ▣ Buildings & Properties
- ▣ Mobility & Transportation
- ▣ Energy & Industry
- ▣ Water & Environment

Second quarter 2024

The total consolidated order intake in the quarter amounted to NOK 1 531 million (1 572), a decrease of 2.6 per cent year-over-year. The order backlog remains high, with a diversified portfolio distributed across all business areas. At the end of the quarter the order backlog was NOK 4 943 million (5 086, Mar 2024), a decrease of 2.8 per cent compared to last quarter and at the same level year-over-year.

The size and timing of execution of the order backlog varies significantly between the business areas and locations. The order backlog does not reflect the total expected volume related to frame agreements and includes only call-offs that have been signed under these agreements.

Below is an outline of the market development associated with the four business areas during the quarter:

Buildings & Properties

The high activity continued through Q2, within a slightly more unstable market with continued uncertainty. While the housing and real estate sectors have been slow, there have been positive developments in defence and energy efficiency projects. The Scandinavian architecture market has likely reached the bottom of its cooling cycle, and there are signs of increased project activity despite challenging conditions in all three countries.

Among projects included in the order intake during the quarter were:

- ▮ New Rikshospitalet
- ▮ Skåne University Hospital (SUS), Malmö (psychiatry building)
- ▮ Edvard Munch vgs. (high school building)
- ▮ Forsvarsbygg (ENG: The Norwegian Defence Estates Agency)

Mobility & Transportation

The Mobility & Transportation market remained strong. In Norway, investment levels are high despite increased uncertainty due to changes in project priorities. Poland's market has been negatively impacted by shifts in management of key industrial groups. Sweden's infrastructure market is stable but uncertain, with particularly strong performance in Stockholm and northern regions.

Among projects included in the order intake during the quarter were:

- ▮ Fornebubanen (ENG: Fornebu Line)
- ▮ Fv.109 Alvim – Torsbekkdalen
- ▮ Fv. 118 ny Sarpsbru (bridge with connecting infrastructure facilities)
- ▮ Myrdal station (rail)

Energy & Industry

The market has remained with a high activity level. There was a strong demand related to the green transition and increased energy demand. There is general uncertainty in the international energy market and part of this market has been impacted by ongoing uncertainty and delays in investment decisions.

Among projects included in the order intake during the quarter were:

- ▮ Statnett substations
- ▮ Yggdrasil - Power from Shore
- ▮ Andfjord Salmon (land based fish farm)

Water & Environment

There has been strong demand for water and sewage infrastructure projects. The market for climate change adaptations and environmental remediation has remained stable. The increasing emphasis on sustainability and climate adaptation across sectors has opened new markets and increased demand for advisory services. Several large opportunities were announced during second quarter.

Among projects included in the order intake during the quarter were:

- ▮ Water supply to Oslo
- ▮ Vågåmo - Flood protection
- ▮ Statnett - Consequence and environmental investigation (Sauda-Blåfalli / Blåfalli–Mauranger–Samnanger)

Second quarter 2024 – Region Oslo

Net operating revenues in the quarter was NOK 531.6 million (453.4), an increase of 17.3 per cent compared to the same quarter last year. The increase in net operating revenues was mainly driven from high activity reflected by increased capacity and positive calendar effect. Billing ratio increased by 0.9 percentage points to 74.3 per cent (73.5) and there was a 3.2 per cent growth in full-time equivalents (FTE), as well as higher billing rates that all contributed to the increase in net operating revenues.

Operating expenses amounted to NOK 444.8 million (410.7), an increase of 8.3 per cent. Employee benefit expenses was NOK 349.8 million (321.8), an increase of 8.7 per cent. The increase was mainly driven by net recruitment and ordinary salary adjustment. Other operating expenses amounted to NOK 95.0 million (88.9), an increase of 6.8 per cent.

EBITA amounted to NOK 80.7 million (39.4), and the corresponding margin was 15.2 per cent (8.7). The higher billing ratio, increased capacity, positive calendar effect and higher billing rate all contributed positively to the increase.

Second quarter 2024 – Region Norway

Net operating revenues amounted to NOK 575.3 million (471.8) an increase of 22.0 per cent compared to the same quarter last year. Both net operating revenue and EBITA were affected by the positive calendar effect, and higher billing ratio, increased capacity, and higher billing rates. The billing ratio increased by 1.5 percentage points to 73.3 per cent (71.8). Increased capacity is reflected in a 6.5 per cent growth in full-time equivalents (FTE).

Operating expenses amounted to NOK 478.6 million (450.7), an increase of 6.2 per cent. Employee benefit expenses came in at NOK 374.3 million (336.2), an increase of 11.3 per cent. The increase was mainly driven by net recruitment and ordinary salary adjustment. Other operating expenses amounted to NOK 104.2 million (114.5), a decrease of 8.9 per cent on reduced costs in general.

EBITA amounted to NOK 88.2 million (13.7), and the corresponding margin was 15.3 per cent (2.9). A positive calendar effect, higher billing ratio, increased capacity and higher rates all contributed positively to the increase.

Architecture

This segment comprises the architecture firms LINK Arkitektur and A-lab with offices in Norway, Sweden, Denmark, and Portugal, and offers services in the two business areas: Buildings & Properties and Energy & Industry. Figures are affected by the acquisition of A-lab that was made last year and included in the financial accounts with effect from 30 June 2023.

Key figures – Architecture

Amounts in NOK million	Q2 2024	Q2 2023	H1 2024	H1 2023
Net operating revenues	212.5	152.4	406.8	322.6
EBITA	19.1	(1.9)	24.1	20.8
EBITA margin	9.0%	(1.3%)	5.9%	6.5%
Billing ratio	72.2%	72.4%	72.4%	71.6%
Full-time equivalents (FTE)	527	476	534	467

Second quarter 2024 – Architecture

Net operating revenues amounted to NOK 212.5 million (152.4) an increase of 39.4 per cent compared to the same quarter last year. The increase in net operating revenues is affected by a sale of royalty rights in the quarter and the positive calendar effect. Higher capacity due to the acquisition of A-lab and higher billing rates also contributed positively to net operating revenues.

Operating expenses increased by 24.7 per cent to NOK 184.7 million (148.1). Employee benefit expenses increased by 25.2 per cent mainly due to the inclusion of employees from A-lab to this segment, and regular salary adjustment. Other operating expenses amounted to NOK 27.4 million (22.4), representing a 22.1 per cent increase. This increase is attributed to the inclusion of A-lab, which led to higher office cost and other general costs.

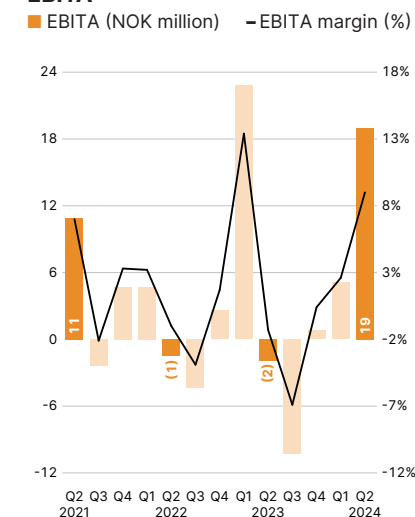

EBITA amounted to NOK 19.1 million (negative 1.9), and the corresponding margin was 9.0 per cent (negative 1.3). The increase is affected by a sale of royalty rights in the quarter and the positive calendar effect. Higher billing rates also contributed positively to the increase. Furthermore, there was a negative contribution from A-lab.

International

This segment comprises the subsidiaries Multiconsult Polska in Poland and Iterio AB with subsidiaries in Sweden and offers services mainly in the business area Mobility & Transportation. Starting from first quarter 2024, due to acquisitions made by subsidiary Iterio AB, segment International will incorporate financial statements from acquired companies.

Key figures – International

Amounts in NOK million	Q2 2024	Q2 2023	H1 2024	H1 2023

Second quarter 2024 – International

Net operating revenues amounted to NOK 102.7 million (79.8), an increase of 28.7 per cent compared to the same quarter last year. The main drivers behind the increase in net operating revenues were higher billing rates, an improved billing ratio, and increased capacity. Moreover, the growth in net operating revenues measured in NOK surpassed the growth in local currency due to the impact of currency exchange rate translation effects.

Operating expenses amounted to NOK 97.9 million (69.3), 41.2 per cent higher than in the same period last year. Employee benefit expenses increased by 31.1 per cent influenced by inflation, ordinary salary adjustment, employee benefit expenses from acquired companies and net recruitment in the segment. Other operating expenses amounted to NOK 20.3 million, an increase of 100.0 per cent compared to the same quarter last year. The increase in other operating expenses was driven by integration expenses related to acquired companies, provision for loss on accounts receivable in Multiconsult Polska, high inflation and increased capacity.

EBITA amounted to negative NOK 0.4 million (5.5), and the corresponding margin was negative 0.4 per cent (6.9). Higher billing ratio, increased capacity and higher rates contributed positively, while there were higher operating expenses.

Subsequent events

There were no subsequent events after the second quarter 2024.

Outlook

These forward-looking statements reflect current views about future events and are, by their nature, subject to significant risks and uncertainties because they relate to events and depend on circumstances in the future.

The overall market outlook remains good and stable, with anticipated high activity levels across various sectors. Despite expected challenges such as investment delays and shifts in political priorities, the market for Multiconsult's services is expected to be good across all four business areas. Demand for infrastructure and projects related to the

green transition is likely to remain strong, and the potential for new opportunities in the pipeline is at a good level.

However, the competitive landscape is expected to evolve due to lower investment levels in some markets, with pricing and margins for engineering services being sensitive and varying across the different segments. Overall, while specific challenges are anticipated, the outlook supports continued stability and continued performance.

Multiconsult does not provide forecast.

Risk and uncertainties

Through its business activities, Multiconsult manages a considerable contract portfolio of engineering, architectural and advisory services that is exposed to a wide variety of risk factors. The risk of disagreements and legal disputes related to the possible cost of delays and project errors is always present in the business.

The Risk and risk management section of the Directors report in the 2023 Annual Report contains detailed description and mitigating actions related to several risk factors, including: project risk (including risk related to Sotra Link project), credit risk, currency risk, interest rate risk, liquidity risk, accounting estimates risk, employees and expertise risk, nature and climate risk, macro-economic developments and geopolitical tensions and war in Ukraine, and information and cyber security risk.

Company contact information**Notes to the financial statements****NOTE 1: General information****The company and the group**

Multiconsult ASA (the company) is a Norwegian public limited liability company listed on Oslo Stock Exchange. The company and its subsidiaries (together the Multiconsult group/the group) are among the leading suppliers of consultancy and

design services in Norway and the Nordic region. The group has subsidiaries outside the Nordic region – in Poland, United Kingdom, Portugal, Serbia and Singapore.

NOTE 2: Basis of preparation and statements**Basis for preparation**

The financial statements are presented in NOK, rounded to the nearest thousand, unless otherwise stated. As a result of rounding adjustments, the figures in one or more rows or columns included in the financial statements and notes may not add up to the total of that row or column.

the information required for full annual financial statements of the group and should be read in conjunction with the consolidated financial statements for 2023. The accounting policies applied are consistent with those applied and described in the consolidated annual financial statements for 2023, which are available upon request from the company's registered office at Nedre Skøyen vei 2, 0276 Oslo and at www.multiconsult-ir.com.

Statements

These interim condensed consolidated financial statements for the second quarter and first half of 2024 have been prepared in accordance with IAS 34 as approved by the EU. They have not been audited. They do not include all of

These interim condensed consolidated financial statements for the second quarter and first half of 2024 were approved by the board of directors and the CEO on 20 August 2024.

NOTE 3: Accounting policies

The group prepares its consolidated annual financial statements in accordance with IFRS® Accounting Standards as adopted by the EU (International Financial Reporting Standards – IFRS). References to IFRS in these financial

statements refer to IFRS as approved by the EU. The accounting policies adopted are consistent with those of the previous financial year, with the exemptions presented below.

NOTE 4: Estimates, judgments and assumptions

The preparation of interim condensed consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. In preparing these interim condensed consolidated financial statements, significant judgements made by management in applying the group's accounting policies. The key sources of estimation uncertainty were the same as those applied to the annual consolidated financial statements for the 2023, and described in note 2 in the annual consolidated financial statements.

Impairment test of Goodwill

Cash-generating units are reviewed for impairment when indicators exist. The estimated recoverable amounts are affected by assumptions in connection with the estimation of future cash flows, as well as discount rate for the estimation of the present value of the cash flows. An assessment of impairment indicators has been made on 30 June 2024. No impairment indicators were identified, and thereby a full test is not performed. The group performed full impairment tests on 31 December 2023 which did not result in any impairment for goodwill, property, plant and equipment or intangible assets related to any of the cash generating units.

NOTE 6: Explanatory comments regarding the impact of revenue seasonality on quarterly reporting

The group's net operating revenues are affected by the number of working days within each reporting period while employee expenses are recognised for full calendar days. The number of working days in a month is affected by public holidays and vacations. The timing of public holidays (e.g. Easter) during quarters and whether they fall on weekends

or weekdays impacts revenues, earnings, cash flows and working capital balances. Generally, the company's employees are granted leave during Easter and Christmas. The summer holidays primarily impact the month of July and the third quarter.

NOTE 7: Significant events and transactions

In second quarter 2024 Multiconsult completed purchases of businesses, see note 12 – Business combinations. In second quarter 2024 NOK 25.4 million was recognised as other financial

income, due to subsequent measurement of a gross put option obligation related to the acquisition of A-lab. There were no other significant events or transactions in the period.

NOTE 8: Treasury shares

The company holds 70 687 treasury shares on 30 June 2024. In 2015 Multiconsult ASA introduced a share purchase programme for employees. In connection with this, and over time, the company holds variable position of treasury shares. For the year 2023, the programme was replaced by an employee ownership programme. This programme consisted of two parts: (i) Share purchase programme and (ii) Share ownership programme. In accordance with continuation of the share ownership programme launched in 2023 a total of 114 new employees in second quarter 2024 have been

offered 40 complimentary shares which will be handed over during the third quarter. During second quarter 2024 a total of 2 800 MULTI shares were transferred to new employees who accepted the offer received previous quarter.

For a description of the employee ownership programme for all employees and the performance-based bonus scheme for the group management, see note 9 in the consolidated financial statements for 2023.

NOTE 9: Earnings per share

For the periods presented there are no dilutive effects on profits or number of shares. Basic and diluted earnings per share are therefore the same.

The group's financial instruments, according to IFRS standards include interest-bearing liabilities, accounts receivables and other receivables, cash and cash equivalents

and accounts payables. It is assumed that the book value is a good approximation of fair value for the group's financial instruments.

Interest bearing liabilities

<i>Amounts in NOK thousand</i>	30 June 2024	31 March 2024	31 December 2023
Multiconsult ASA	500 000	400 000	450 000
Total	500 000	400 000	450 000

At the end of the period Multiconsult ASA has an overdraft loan facility of NOK 320.0 million, which is part of a cash pool. The cash pool is a multi-currency and multi-account system for the legal entities Multiconsult Norge AS, LINK Arkitektur AS, LINK Arkitektur AB, LINK Arkitektur A/S, Iterio AB and Multiconsult UK Limited, where Multiconsult ASA is the owner of the cash pool's top account and the interest-bearing debt or of the facility. In addition, Multiconsult ASA

has a revolving credit facility of NOK 300.0 million. The revolving credit facility includes an accordion option of NOK 500.0 million. Loan portfolio with Nordea bank is a 3-year (+3 month) facility until March 2026. At the end of the period the total drawdown on the revolving credit facility amounts to NOK 500 million. Multiconsult ASA is compliant with its financial covenants on 30 June 2024.

NOTE 11: Events after the reporting period

No events have been identified that require disclosure.

NOTE 12: Business combinations**Acquisition of Petter J. Rasmussen AS**

On 29 May 2024, Multiconsult announced its agreement to acquire 100 percent of the shares in Petter J. Rasmussen AS to strengthen its capability and market position in the geographical area of Haugesund. Petter J. Rasmussen AS is a consultancy engineering and architecture company with 15 employees with expertise in construction engineering, project administration and architecture. The company has a strong reputation and a solid market position in both private and public sectors, and it will strengthen Multiconsult's position in the building and industrial markets.

Closing date for the transaction was on 6 June 2024, and as a practical approach 30 June 2024 was used as closing date. The total purchase price was set to NOK 24.3 million, after adjustment for the value of net debt and normalised working capital at the transaction date. A contingent consideration, estimated to an amount of NOK 3.8 million at acquisition date, may be paid to the seller as an earn-out payment based on defined levels of EBIT from annual accounts for 2024. Full payment was considered most likely, and consequently the maximum earn-out was recognised.

This preliminary purchase price allocation is based on company accounts considered to correspond with fair value, adjusted for differences between IFRS standards and local accounting rules. As new information may emerge during the first year that could lead to changes, the purchase price allocation is presented as preliminary. As part of the purchase price allocation intangible assets related to order backlog of NOK 0.7 million were identified. The fair value of the acquired trade receivables was identified to NOK 7.8 million. The acquisition generated an excess value of NOK 16.2 million allocated to goodwill. Goodwill is related to the competence of the staff and to synergy effects. Goodwill is not expected to be tax-deductible.

Incremental external transaction-related costs of NOK 0.1 million were expensed as part of other operating expenses.

Acquisition of Sitepartner AS

On 4 June 2024, Multiconsult announced its agreement to acquire 100 percent of the shares in Sitepartner AS to strengthen its position in the implementation phase of construction and civil engineering, within energy, electrical grid, and railway sectors. Sitepartner AS is a company operating in project and construction management and holds 12 employees and currently seven subconsultants.

Closing date for the transaction was on 13 June 2024, and as a practical approach 30 June 2024 was used as closing date. The total purchase price was set to NOK 21.9 million, after adjustment for the value of net debt and normalised working capital at the transaction date. A contingent consideration, estimated to an amount of NOK 5.8 million at acquisition date, may be paid to the seller as an earn-out payment based on defined levels of EBIT from annual accounts for 2024-2025.

assets related to order backlog of NOK 2.9 million were identified. The fair value of the acquired trade receivables was identified to NOK 6.1 million. The acquisition generated an excess value of NOK 16.9 million allocated to goodwill. Goodwill is related to the competence of the staff and to synergy effects. Goodwill is not expected to be tax-deductible.

Pro-forma impact of the acquisition on the result of the group

If the businesses acquired in 2024 had been effective on 1 January 2024, net operating revenues for the group for the second quarter 2024 would have been NOK 1 436.4 million, and for the first half 2024 NOK 2 822.7 million. Profit for the group for the second quarter 2024 would have been NOK 149.6 million, and for the first half 2024 NOK 249.8 million. The group considers these pro-forma numbers to represent an approximate measure of the performance of the combined group.

Alternative performance measures (APMs)

Multiconsult uses alternative performance measures for periodic and annual financial reporting in order to provide a better understanding of the group's underlying financial performance. As of first quarter 2024 the alternative performance measure

related to Other OPEX ratio has been removed from this overview as underlying accounting principles have changed, mainly related to IT cost, and key figure does no longer provide relevant and comparable information.
